

## The Equine Slipper

The Deluxe Equine Slipper from Bluegrass Equine Products is a revolutionary advancement for the equine industry. It was developed to aid medicating, treating and protecting the hoof.

## The better Alternative!

Replacing foot wraps every time medication is re-applied can be very expensive and time consuming. Foot wraps if applied incorrectly can actually harm your horse. The Slipper replaces the foot wraps altogether. This unique product allows the hoof to

breathe and prevents hoof sweat while being treated, which helps to promote a healthy hoof.

The body of the Slipper is made out of a heavy ply Cordura<sup>®</sup>, is fastened to a high grade leather base with resilient nylon thread and fastens with industrial strength Velcro<sup>®</sup>. This durable yet pliable material allows a comfortable fit and makes then safe and easy to apply.

The Slipper is 100% machine washable and is designed for multiple uses!

Cordura<sup>®</sup> is a registered trademark for durable fabrics  
Velcro<sup>®</sup> is a trademark of Velcro Industries BV

## Uses:

- Provides a clean and protected enviroment for medicating,
- Protection while treating hoof abcesses or laminities,

- Protection for the mare in case of natural breeding goes over the stallions hoof and horseshoes!

The Slipper is designed for stall use and is not for use during exercise. It can be used on the paddock but this might reduce the lifetime of the seam!

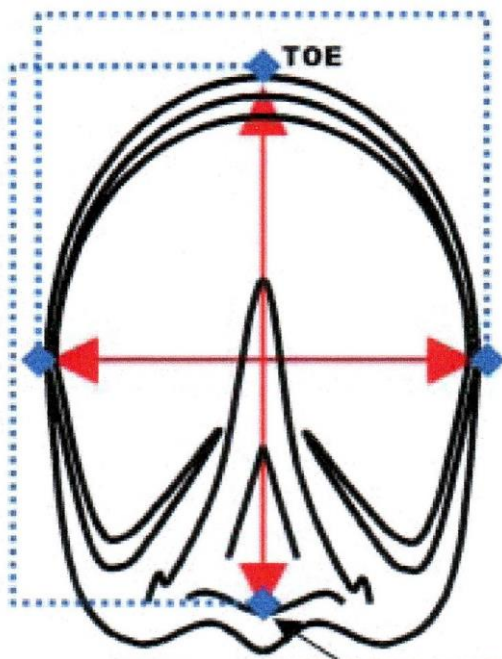

## Sizing

When selecting the size please consider eventually bandages or cushions.

The smallest size possible is preferable because it reduces wear on the slipper and provides a better fit.

We have made a chart to compare the Slipper size with horseshoe sizes as follows:

Size	Warm blood	Standard bred	Thourough bred
<b>S</b>	<b>0</b>	<b>1</b>	<b>4</b>
	<b>0</b>	<b>1,5</b>	<b>5</b>
